

SPILPAK

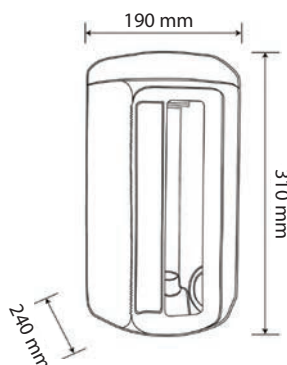

Portable Paper Dispenser

Spilpak Laminate Paper is a luxurious highly absorbent paper towel for use in the Spilpak dispenser. Unlike traditional embossed 2 ply papers which split, the Spilpak paper has 2 sheets of paper glue laminated together to produce a high quality 50gsm sheet of paper. Spilpak laminate paper also holds the internationally recognised environmental stamp of approval from Ecolabel the leading environment brand for international manufacturing. The Spilpak Laminate paper does not only delivers exceptional usage but also superior quality.
